Read—again the following papers :—

G.O., No. 1125 I., dated 13th October 1904.

Abstract.—Forwarding to the Government of India for sanction the estimate, amounting to Rs. 4,42,200, for a regulator at the site of the Periyár right bank escape.

G.O., No. 211 I., dated 24th February 1905.

Abstract.—Communicating to the officers concerned, letter from the Government of India sanctioning an estimate, amounting to Rs. 4,93,984, for the construction of a regulator at the site of the Periyár right bank escape.

Read—also the following papers :—

From Messrs. RANSOMES and RAPIER, to the Chief Engineer and Joint Secretary to Government, Public Works Department (Irrigation Branch), dated Madras, 25th February 1905.

With reference to my interview with you on the 23rd instant on the subject of reducing the price of ten sets of Stoney sluices for the above project, I now have the pleasure to offer on behalf of my Company (Messrs. Ransomes and Rapier) to supply ten sets of Stoney sluices as set forth in our previous offer, each sluice being 16 feet deep, 36 feet clear span and having a height of lift of 18 feet 6 inches, at the reduced price of £12,600 delivered f.o.b. Madras. The terms and conditions to be as stated in our previous offer in which the price offered was £14,470.

I trust that this substantial reduction will enable you to recommend the order being placed with Messrs. Ransomes and Rapier.

Although the above reduction leaves only a *very* small margin of profit, it will not detrimentally affect the quality or design of the work and you may rest assured that if the order is placed with my Company it will be carried out in the best possible manner and to your complete satisfaction in every respect.

Note by the Chief Engineer for Irrigation.

In paragraph 3 of their letter communicated with G.O., No. 211 I., dated 24th February 1905, sanctioning an estimate for the construction of a regulator on the Periyár right bank escape, the Government of India state that Messrs. Ransomes and Rapier are anxious to obtain orders for the shutters required and are prepared to considerably reduce the price originally demanded. Messrs. Ransomes and Rapier in their letter read above state that they can undertake to supply ten sets of Stoney sluices, each sluice being 16 feet deep, 36 feet clear span and having a height of lift of 18 feet 6 inches at the reduced price of Rs. 1,89,000 against Rs. 2,17,050 originally asked. As the Government of India are disposed to place the order with Messrs. Ransomes and Rapier in order that in this important work none but the very best workmanship may be employed, it is recommended that their present tender be accepted on the terms stated in their letter, dated 10th June 1904, printed with G.O., No. 1125 I., dated 13th October 1904.
